

## Hammond Diecast Alum. Flanged Lid Boxes-1590FL

Rugged, diecast aluminium alloy . Tough yet easy to machine. Meets IP54.

- Lap joint construction provides protection against dust & splashing water, and improved EMI / RFI shielding.
- Painted version is painted with tough polyester powder paint for lasting finish.
- Assembled with 6-32 x 1/2" machine screws, nickel plated or black to match the finish.
- Flanged lid allows for easy mounting and higher security as the lid screws are hidden. For easier access see the flanged base version.
- Watertight versions are available — see 1590WFL type.
